

Glacier Concept Commercial Mortgage Backed Securities

When judging credit quality, consider Loan to Value, Debt Service, property types, lease expiration, property age, location, loan maturity, the number of loans, loan size, and loan terms. Credit rating helps to determine value. Economic downturn can influence the risk of default.

Contact sales@glacierconcept.com for additional white papers and seminars on Commercial Mortgage Backed Securities. Also send us an information request if there are areas of particular interest that you have in mortgage-backed securities.
